

The opposite of cranking it to

eleven.

Made possible by

fusion

Fusion. It's the perfect mix of the sonic expertise of Rain Recording and their near-silent digital recording systems with AMD's high-performance, energy-efficient AMD Phenom™ processors. The

result is pure, unadulterated sound. And professional-quality recording for the home studio. To learn more about the power of Fusion at work, home, and play, visit fusion.amd.com
